

Position Title: WMD Instructor, COBRATF

Department: Training, COBRATF

Opening Date: June 21, 2006

Closing Date: Open

Status: Exempt

Location: COBRA Training Facility, Anniston, AL

Reports To: Course Manager

Duties:

- Operational level instruction in responding to and operating in weapons of mass destruction environment.
- Instructs and facilitates student participation in COBRA related tasks in PPE at a field training site using technology to detect, identify, and neutralize a weapon of mass destruction.
- Instruction includes hands-on, multi-task performance oriented training in live agent.
- Complies with safety issues as addressed in the risk assessment and safety standard operating procedures.
- Supervises the doffing procedures of all group participants exiting the hot training bays of the live agent facility.
- Contributes to improvement of the live agent training experience through continuous research and training revision.
- Maintains knowledge base as a subject matter expert in assigned training content.
- Actively seeks and participates in cross-training opportunities to maximize instructor resources and the overall training experience for student responders
- Qualifies and maintains eligibility/certification under the Contractor Employee Reliability Program.
- Complies with supervisor assignment for entry (entries) into the COBRATF live agent training environment.
- Works effectively with a team and is respectful of colleagues.
- Adheres to company policies and procedures.
- Demonstrates a commitment to continued professional growth and development.
- Accepts constructive criticism and is receptive to changes in the work environment.
- Travels in support of position requirements.
- Performs other duties as assigned.

Qualifications:

- High school graduate or GED equivalent required; Baccalaureate preferred.
- 10 years of experience in first responder occupation: firefighting, law enforcement, emergency medical technician, hazardous materials technician, emergency management or WMD specialist.
- Working knowledge of weapons of mass destruction which includes related experience in a WMD incident and/or experience with an incident classified as a terrorist act.
- Functional knowledge of the federal response plan/NIMS.
- Possess a teaching certification, postsecondary teaching experience, or teaching degree required.
- Excellent verbal and written communication skills required; fluency in a foreign language is desirable.
- U.S. citizenship required.
- Submit to and obtain final suitability by successful completion of a pre-placement screening and evaluation which includes submission to a medical examination, drug screen, criminal background check, financial institutions/credit bureau check and disclosure under the Freedom of Information Act.
